new Committee:

~~say~~

but also no federal room DAWI to produce how
and if there is time to present these topics

~~3 syllabus~~

~~y sign~~

~~Note~~

principal

each word and what is it.

but never having been one of the students

but being one

beginning now from scratch how to

introduce syllabus and teach it so that all

participants can understand and work with it.

participants will also probably be interested in

the introduction to the new system

expansion into particular institutions and so on?

participants will also agree not to publish it
without permission of the author.

participants will also agree not to publish it
without permission of the author.

participants will also agree not to publish it
without permission of the author.
